P. W. Draucker of Luthersburg was transacting business in town yesterday.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a tea-spoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire elementary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside because the skin pores do not absorb impurities into the blood, causing disease while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse purify and freshen the skin, so hot water and a tea-spoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver, and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

GRACEFUL COAT OF TAFFETA

We may go to what lengths we will in coats of taffeta—the possibilities of silk within reach and so far as you can use it. A handsome coat of graceful cut and graceful showing in the pattern of a rich emerald green, which is perfect in its color and texture. The sides and back above the hem. In the back it comes in its fullest and deep inverted plait. It is a coat that seems to dissolve and melt into the body.

Mrs. Catherine Fitzgerald of DuBois is visiting Mrs. Ruth Dempsey who is a patient in the hospital here.

Spring Silks of Rare Beauty

"Beautiful" only casually describes these new silks for spring. We're enthusiastic about them for, knowing market conditions as we do, it is one chance in a thousand that enables us to show such lustrous, shimmering array.

Spring Shades of Silk Taffeta \$1.50

A wondrous collection of colors; browns, greens, blues, taupe, burgundy and old rose. Full 35-inch width of brilliant, colorful dress material.

Silk Messalines \$1.65 yd.

We can hardly imagine a prettier showing of this ever popular dress material. Light in weight, yet strong enough to stand the hardest of wear it's no wonder that it is in such demand for spring dresses. We have many shades, but the prettiest is a rich peacock blue.

Special Black Taffeta \$1.50 yd.

It is 35 inches wide, fast color, perfectly woven. We have it on display and it is going fast. Better get it tomorrow—only for enough to make a dress or two.

ROAD SUPERVISORS MET IN CONVENTION

(Continued From Page One)

The Convention at Clearfield Feb. 28, 1918, go on record as favoring the use of the state money available on our bonds at this time, and further requested that the County Commission be asked to appropriate the same amount by issuing bonds, in the amount of \$100,000, for the purpose of constructing and maintaining the roads of this county.

Resolved: That we request the County Commissioners to have this question of bonding the County for the purpose of bonds, submitted to the voters of the County at the coming election in May, 1918.

Resolved: That we favor an equal division of equipment and valuation of all property and real estate in the county to be done by a board of assessors, appointed for that purpose, and we recommend that on the subject of the legislature be asked to pass such legislation.

Resolved: That we favor legislation that will give the Supreme more jurisdiction in reference to heavy hauling or other matters.

Resolved: That we pledge our loyal support to our Government in this great war crisis and that we use our power to meet the needs and demands which are for the success of winning the war.

Resolved: That we urge that a law be passed compelling the use of wide road wagons on our dirt roads.

Resolved: That we endorse the idea of using tractors in construction and repairing of roads, especially at the time owing to scarcity of teams.

Temperance Notes

HOCH DER WHISKY!

The Kaiser's greatest ally is whisky! This I say, because whatever saps the strength of America, lowers its efficiency, and steals its wholesome food is manifestly playing into the hands of America's enemy.

Women may economize in the kitchen, save the beans and cabbage, eat the crusts, and skimp the butter, but one saloon will waste more human energy over the bar in one day than they will conserve in a week.

Why plant your front lawns in potatoes and raise carrots instead of geraniums in your window garden; why eat corn pone instead of white bread, and fried rice for steak, and all that sort of thing, when every pound of food you are saving to make men strong is doubly duplicated by the still, which flows to make men weak? Every glass of booze that passes over the mahogany bar in the drinking place does as much damage to the manhood of the nation as a ten-inch shell fired from one of the Kaiser's Kruppas.

For whisky never did any good and never will do any good. Every ounce of it means lowering life's efficiency. It makes the muscle flabby. It obscures the brain. It lets down the moral force.

Every drop of whisky means so much less honesty, loyal courage, and intelligence.

The Kaiser could make no shrewder move than to subsidize every grog shop in America, to keep on at full blast, lulling out the staff that takes the stamina out of this great people.

Nobody, no nation, can conquer America. But America can rot. She can gas her beloved people and sink to maudlin weakness, while she prates of "personal liberty," and slobbers in congress and out, over the vested rights of poison sellers.

General O'Ryan in a recent letter to his fellow soldiers, used this language:

"Our job is to whip the enemy hard and with the least loss to ourselves. In training our military machines to do this we must eliminate back-lash, rattles, and needless loads. We must have every part healthy, strong, and dependable; no part defective, diseased, or obsolete."

"This cannot be if we are to permit booze in any form in our military machine. Alcohol, whether you call it beer, wine, whisky, or by any other name, is a breeder of inefficiency. While it affects men differently, the results are the same in that all affected by it cease for the time to be normal. Some become forgetful, others quarrelsome. Some become noisy. Some get sick, some get sleepy; others have their passions greatly stimulated. When you stop to consider the thousands in a division, do you not see how vital to efficiency is the elimination of liquor? If one officer or man is permitted to use liquor, then others will claim the right to do so. How can a division of troops be ever ready—ever up on the bit to drive ahead or to thrust back the enemy's drive if through the presence of this insidious evil some soldiers forget their orders, or become noisy when silence is essential, fall asleep when every faculty should be alert, or absent from their posts?"

Hurray for the Saloon! Long live personal liberty! Hoch der whisky!—Dr. Frank Crane, in New York Globe.

CITY POLICEMAN GAVE EXPERIENCE

Tanlac Gave Officer Yost Additional Weight and Renewed his Strength

"Yes, sir, I gained five pounds during the first week I took Tanlac," said Jesse Yost, the well known city policeman, of 5331 Addison street, West Philadelphia, recently.

"I had suffered from a sour disordered stomach," continued Officer Yost, "and no matter what I took I could not get any better."

"My digestion was very bad and I got so I could scarcely eat at all. The gas on my stomach and headaches bothered me no little."

"I was also badly constipated, and I felt languid and kind of tired out. My old-time energy was disappearing and I could hardly pull myself thru some days."

"I saw this Tanlac highly praised in the papers. I read where Patrolman Frank Herman had been benefited. I decided that I got the medicine I talked with a doctor about it. The doctor said it was all right to try it. I began using Tanlac. When the doctor weighed me he was surprised to discover that I had gained five pounds in weight on the first bottle of Tanlac."

"My stomach is now in good shape and I feel fine. I am rapidly gaining back the strength and weight I lost. Tanlac is now sold here by Woodward & McPherson."

CAN'T BEAT "TIZ" WHEN FEET HURT

"Tiz" for sore, tired, puffed-up aching calloused feet or corns

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, smelly feet. "Tiz" not only "Tiz" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous excretions which puff up your feet and cause sore, inflamed aching, sweaty, smelly feet.

Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

PROMINENT WESTERN MEN ACCUSED

St. Paul, March 1.—A. C. Townley President of the National non-partisan League and Jos. Gilbert, manager of the farm bureau of that organization were arrested at league headquarters here yesterday on warrants issued by Albert R. Allen, prosecuting attorney of Martin county. They are charged with activities to conspire seditionally to keep men from enlisting in the United States Army to fight Germany. The warrants upon which the arrests were made upon the information that pamphlets were issued from the league. They were sent out last June and have been freely circulated through the state. They contained 12 pages entitled "The War Program of the National Non-partisan League". It urged conscription of excess profits and suggested conscription of wealth. The pamphlets have been sent through the mail and apparently attempt had been made to stop it.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur it Brings Back its Beautiful Lustre at Once

Granny hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after a few applications of two, its natural color is restored and it becomes thick, glossy and lustrous and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

C. B. Haig of Troutville was in Clearfield today attending to business.

BRITISH LOSSES ARE SMALLER NOW

SIX SUCCUMBED TO GAS ATTACK ON AMERICAN SECTOR LAST TUESDAY

CASUALTY LIST NOW NUMBERS EIGHTY FOUR BUT BALANCE OF INJURED ARE PAST DANGER AND WILL LIVE

REVENGE TAKEN

By Fred S. Ferguson
With the American Army in France—With aid of French observers American artillery probably destroyed the German trenches from which the gas was thrown in Tuesday's attack. Working in a sea of mud the Yankee gunners kept the shells screaming toward the trenches for hours at the rate of a shell a minute. Mud boards and sand bags in the rear of the German first line were loosed skyward. The French observers located some mine-thrower trenches consisting of six double rows of 20 gas projectiles to the trench, a total of 120. These are believed to have been demolished by the American fire.

American gas casualties numbered 84—6 dead and 78 in hospitals.

There was an additional death today and another soldier taken to the hospital during the night. There has been no more attacks in this sector. There will be no more deaths among those gassed. The majority of the men are improving. These are all anxious to return to the trenches. Now that they are accustomed to gas they will not suffer a second time and will know what to do the next time. One of the privates who is greatly improving and is a member of the Signal Corps was former telegrapher and worked on United Press wires, and worked on United Press wires, in training at Chateau-des-James was repulsed.

Four American soldiers caught asleep while doing sentry duty in the first-line trenches have been sentenced to death, but General Pershing, although he has authority to carry out the sentences, has referred their case to the war department for review.

ROAD SUPERVISORS MET IN CONVENTION

The fifth annual convention of the Road Supervisors of Clearfield county met in the Court House at 10 o'clock Thursday morning. The meeting was called to order by President M. I. McCright, of DuBois.

Judge Bell welcomed the road builders in an entertaining address. Secretary Farren's roll call showed almost every district in the county represented and the discussions, which were participated in by the Supervisors were all along practical lines and should be productive of much good.

The meeting of the Supervisors was well attended, there being more than one hundred delegates present. The business transacted was hurried thru to let the men get away on the trains. Judge Bell made a good talk on the road system, also A. H. Woodward, Esq., who advocated a better system of valuation and taxation in our county.

W. A. Hagerly Esq. made a very enthusiastic patriotic address to the Supervisors.

Mr. Wynn of the State Highway Department, gave a short address on the bonus money due the townships and stated that the money for 1917 would be paid this year.

M. I. McCright, of DuBois, was elected President, T. H. Farren, of New Millport, Secretary; Ed. Cowan, of Clearfield, Treasurer.

The following resolutions were adopted:

Whereas: There is now available in the Treasury of Pennsylvania funds already set aside for road purposes in this County,

And Whereas: Should our county fail to make proper application for said funds within a specified time limit these funds will be no longer available to this county, therefore be it

Resolved: That the supervisors in

TEN CAPTURED

London, March 1.—Ten Americans were taken prisoner by the Germans last night and today in trench raids in the vicinity of Shavignon, according to German and French official statements today. No mention of prisoners was made in the French statements today. No mention of prisoners was made in the French statement but it did, however, declare that the enemy entered one trench salient. The Germans attacked strongly with two columns, the Paris statement said. All other raids were repulsed. In the neighborhood of Butte-Du-Mesnil where American artillery is aiding the French heavy German attacks were repulsed.

NEWS ABOUT NEWS

The other day when The Progress carried a detailed story on the gas attack on the American sector, our critical friends vainly searched the papers next morning to verify the story. For some inexplicable reason the story was not to be found but this morning's papers from the city carry virtually the same story concerning the gas attack that The Progress had two days ago. Just another illustration of the news ability of the United Press Association.

SIBERIAN PROBLEM HANGS FIRE TODAY

By Carl D. Groat
By United Press
Washington, March 1.—America's decision as to Japanese or joint allied action in Siberia still hangs fire today. The State Department this afternoon said no determination had been reached. The cabinet was to meet this afternoon, however, and the problem of doubtless many serious international aspects was regarded as likely to come up for full discussion. Meantime army and navy authorities felt no action should be taken in Siberia with American sanction. At the State Department they said it was a puzzle. Officially, however, they let it be known that they feared many Russians would join with Germany in case Japan entered Siberia. They said that Germany was holding up spectres of a Berlin to Tokio route to that Japan might use it as an excuse to jump into Siberia. Other authorities say there is a possibility of a German plot to swing Japan into an alliance with her on the claim that the two nations could control the world. Those in favor of a Japanese action felt that the presence of Japanese troops in Siberia would distinctly be beneficial and would serve to help up a German invasion or an uprising in that section.

They said there was a possibility of a German-Japanese alliance but in any event they said Japanese action for the present would help the allied cause and be very much worth having. The United States' participation would necessarily be limited by physical difficulty. British Ambassador Lord Reading called on Secretary Lansing today to discuss the Siberian problem. Shortly afterwards Secretary Lansing went to the White House for a conference with President Wilson.

IMMENSE APROPRIATIONS

By United Press
Washington, March 1.—Carrying \$89,533,398 or \$13,581,000 more than last year the largest legislative, executive and judicial appropriation bill in the nation's history was reported to the House today by the appropriations committee.

Frank Johnson and sons Harry and Albert of Glen Richey are in town on business today.

BRITISH BAN ON HEARST PAPERS STILL IN FORCE

Toronto, Ont., Feb. 28.—"There is no truth in the report that the ban has been lifted on the Hearst publications or the International News Service," said Colonel Chambers, chief press censor for Canada, in reply to a question on this point. "The regulations are still being rigidly enforced both in Great Britain and in Canada."

The International News Service, on February 15, sent out from Washington the following dispatch: "The International News Service today was officially restored to the mails and cable privileges on all lines controlled by Great Britain, its colonies and its allies."

INTERESTING DOPE FROM EXEMPTION BOARD RECORDS

The local Exemption Board were unable to pass upon the examination papers for yesterday's examinations and as a result we are unable to present the list of those accepted for military service today.

Some interesting information is brought to light by a tour of investigation through the records of the Exemption Board for District No. 1 of Clearfield county.

Out of the 2812 names registered in District No. 1 there are 112 enemy aliens and 79 friendly aliens on the list. The enemy aliens are about all Austrians and cannot be drafted for military service.

A total of 127 of the registrants from this district have voluntarily enlisted since June 6th last. Of this number so far as Chief Clerk Bain's records show 77 of these men are located at different training camps or in other activities in this country, while 50 are "over there" in France or England or Italy.

If the total number of men called for the second national army equals the number of the first, the quota for this district will be 232 men. Against this number District No. 1 should and no doubt will be credited with the 77 volunteers in training in this county. The 55 already with the American Expeditionary forces "over there" together with the 10 men sent to the Motor Mechanics division and the other 25 volunteers inducted into the airplane spruce cutting division at Vancouver Barracks, Washington. This would total 162 credits for voluntary enlistments and require but 70 men to supply the entire district quota for the second army.

There has also been a great deal of talk about taking agricultural workers away from the farms in this and other districts, but this is certainly not true of the last batch of fifty-two men sent away from Clearfield, because according to the information given in the questionnaires returned by these registrants only two out of the entire number had ever worked on a farm at any time.

INSURANCE CO. CHANGES NAME

New York, March 1.—Today, the Germania Fire Insurance Company one of the oldest insurance companies in America, founded in 1859, changes its name to the National Liberty Insurance Company of America. The change in the name, which is the only change affecting the company, which has branches in every state of the Union, was necessitated by the public misinterpretation of the former name which many persons believed to indicate the company was German in its origin or affiliations. As a matter of fact the company was founded entirely by American and some of the notable men who have served upon its Board of Directors at various times include the late Joseph H. Choate, C. Godfrey Gunther, once Mayor of New York City, Richard M. Hoe, Marcus L. Ward, former Governor of New Jersey, Ernest Hall, formerly Judge of the Supreme Court, and many more of equal prominence. The officers and directors are native Americans and the funds of the company are invested entirely in American securities.

It is interesting, in connection with the announcement, to note that the company took its original name, "Germania," as a result of the large immigration to America, from 1849 until the outbreak of the Civil War, of Germans, who took part in the revolution against autocratic rule in their own country, and came to the United States to secure political freedom, among them being such men as Carl Schurz.

It is announced by officials of the company that all policies issued prior to the change of name, will continue in force until their expiration. The company's last financial statement gives its capital as \$1,000,000, with a reserve for liabilities of \$4,222,355.60, a net surplus to policy holders of \$2,181,100.27, and total assets of \$8,603,585.87.

Since the outbreak of the war, the company has been active in securing recruits for the United States Navy and Marine Corps, through the medium of posters distributed through its agencies, and it recently contributed \$10,000 to the American Red Cross.

U. S. COMMANDERS ALL PLATINUM

Washington, March 1.—The government has issued orders for all the platinum supply in the United States. At the same time all tulsi and all iron products needed to increase the production of this vital explosive were ordered under government contract. Distribution of the supply will be left in the hands of the War Industry Board which will act on all requests from the War and Navy Departments. The government today also moved to take over a number of manufacturing plants in the east needed for rifle and army manufacture.

THE RUS-GERMAN SITUATION

By United Press
By Jos. Shaplen

Petrograd, Feb. 27.—Night—The Soviet Commissaries arriving from many of the larger Russian cities today demanded that a "holy war" be made against the German invaders. They advocated the arming of the entire population of the country. Some of the cities and villages favor a peace pact.

Japs Confirm Report

Tokio, March 1.—The Japanese ambassador in Petrograd in a dispatch received here today officially informed his government that the allies envoys were leaving the city.

Dispatches from the United Press staff correspondent at Petrograd yesterday announced that Ambassador Francis together with the Japanese, Brazilian and Siamese envoys were leaving the Russian capital for Volodga.

German Drive Stopped

Zurich, March 1.—Austria-Hungary declares it is acting on the request of Ukraine in intervening militarily in that country, according to word received here today. The operations are said to have begun yesterday.

SENATOR JOHNSON ENDORSES HAYS

New York, March 1.—"The parties are united. There is only one Republican party," declared Will H. Hays, chairman of the National Republican Committee when asked here today if his visit to Progressive and Republican leaders is the object of bringing about the final reduction.

"We have much work to do," he continued, "for the good of the country and we are going to do it."

The statement was given out after a meeting between Hays and Senator Johnson, of California. "We have entire confidence in this young man," said Johnson, following the meeting. "And also faith in what he will accomplish. We are with him."

U. S. CONSUL LEFT RUSS CAPITAL

Washington, March 1.—American Consul Tredwell and staff of Petrograd have left for Volodga turning all of their effects over to the Norwegian consul general, according to state department messages today. No word has come of Ambassador Francis' movements.

GENERAL MARCH HAS RETURNED TO U. S.

An Atlantic Port, March 1.—Major General March, Chief of Staff of the United States army in France is too strict. He made known his belief in a talk here today where he embarked from an American liner. General March has been at the front in France for nine months. He went direct to Washington to report to the War Department and to take up his duties as chief of staff. Asked about General Pershing's artillery General March said that he could tell nothing "but it is some artillery". General March declared the morale of the men in France was better than it could be desired. He declared it was much better than when they were on the Mexican border.

CITY EDITOR IS READY TO Q. K. WESTERN MAN

Identity Of "A Western Man," Who Seeks Bride At Altoona, Disclosed In Interview

OUR APOLOGIES ARE EXTENDED

Some time ago Mayor Charles E. Rhodes, of Altoona, had published in the Altoona Mirror a letter he received from a Clearfield correspondent who desired to be known as "a western man," which asked the Mayor to supply him with the names of a Catholic woman or two who might wish to correspond with the "western man" with a view to matrimony.

When Mayor Rhodes' announcement appeared in the paper he received a number of replies and promptly transmitted the portentous messages to their Clearfield destination. As an evidence that there are a number of eligible young ladies in Altoona the last letter received by the Mayor was No. 10.

When the score had reached nine we happened to "lamp" the announcement in the Mirror and not having any knowledge of the correspondent at this end of the line we very naturally came to the conclusion that "a western man" was some cold-blooded individual who was attempting to discredit the charms of our Clearfield girls and seeking to leave the impression with the world, or that part of it served by the Altoona Mirror, that the dearest, sweetest creatures under the sun, living in the joyful expectancy of some time landing a man, could not be found right here in this good old capital of Clearfield county.

We forthwith seized our trusty lead pencil and proceeded to word picture the son-of-a-gun we thought this "western man" to be.

However, as very, very seldom happens, we were all wrong and the extent of our wrong was brought to our attention at noon yesterday when one of our good citizens came to the office and nearly knocked us silly by announcing the fact that he was "a western man" and demanding of us that we at once stop interfering with his business, love-making preliminaries or whatever you choose to call it.

He demanded that we set him right and we gladly do so. We take back what we said about "a western man" not being good to look at, because his appearance is "more than passing fair". We also stated that he did not possess the "kale". We desire to take that back also, because the gentleman in question is an honest, industrious man, pays his bills, and is amply able to take proper care of a wife should he desire to do so and aids through his correspondence with the Altoona ladies the affinity his heart tells him is the right and proper one.

If any of the Altoona young ladies who have thus far seen fit to enter these possible matrimonial sweepstakes has read what we had to say previous to finding out who the local man was, and was adversely affected thereby, we wish to assure her that we take back all and everything we said. We do not desire to nor would we attempt even from this distance to throw a monkey-wrench into the works when two people start billing and cooing along about the opening of the gladsome springtime when a young man's, and some times an old one's, fancy lightly turns to thoughts of love. We have long possessed a large wife and a family of children of our own and we wouldn't be without them.

We want to again assure the Altoona correspondents that "a western man" is alright and they will make no mistake corresponding with him and if any Clearfield girl is interested and will acquaint us with that fact we will see that her letters reach the right person.

ADMINISTRATION RAILROAD BILL IS MADE LAW

Vote Of 337 To 6 Ruts Railroads in President's Hands Until After War Stops

HAS RATE MAKING POWER ALSO

Washington, Feb. 28.—The House tonight by a vote of 337 to 6 passed the administration's railroad bill, fixing two years as the period after the war for which the roads may be held and leaving the supreme rate making power with the president.

Despite the overwhelming vote on passage of the bill, administration forces staved off amendments which would have completely modified the measure only by the narrowest of margins.

An amendment by Representative Sweet, of Iowa, retaining rate making power in the Interstate Commerce commission was once adopted. Rallying all his forces Chairman Sims, in charge of the bill, reversed this action and gained Presidential rate making authority by a vote of 211 to 6.

A similar course of action defeated a proposed amendment by Representative Sweet, of Iowa, retaining rate making power in the Interstate Commerce commission, was once adopted. Rallying all his force, Chairman Sims, in charge of the bill, reversed this action and gained Presidential rate making authority by a vote of 211 to 6.

A similar course of action defeated a proposed amendment by Representative Ersh, of Wisconsin, directing the return of the roads to private ownership one year after the war ends. The Republicans supported these two changes almost solidly.

All amendments favored by government ownership men were defeated by large majorities. The most important taking the limit of the time in which the roads might be held, after the war, was voted down 133 to 49.

SENATOR JOHNSON ENDORSES HAYS

New York, March 1.—"The parties are united. There is only one Republican party," declared Will H. Hays, chairman of the National Republican Committee when asked here today if his visit to Progressive and Republican leaders is the object of bringing about the final reduction.

DISSENTION AT BERLIN MAY STOP DRIVE

Assailing Of Russian Policy by Reichstag Socialist Will Have Effect On Military Leaders

AUSTRIAN INFLUENCE IS FELT

By J. W. T. Mason
By United Press
New York, Feb. 28.—Revolutionary Russia's resistance to the German armies is beginning to stimulate new unrest against the Kaiser's militarists in Germany and Austria-Hungary.

The denunciation of the German government's Russian policy by the Reichstag Socialist leader, Scheide-mann, and the refusal of Austria-Hungary to participate in the Russian adventure strongly indicate that the Russian revolutionary infection is again demonstrating its vitality in the Central Empires. Henceforth, the von Hindenburg clique must pay close attention to the moral power of the Bolsheviks as well as to their military position.

The drive against Petrograd may even be halted because of distrust among the Hohenzollern leaders of the effect upon the Germans and the Austro-Hungarian peoples of further ruthlessness against the Russian revolutionaries. The Bolsheviks have counted upon the moral force behind their policy of unlimited demands as their most potent weapon. It would be an indication of weakness, such as von Hindenburg has previously shown for him to see the possibility of the Bolsheviks ultimately right in this matter.

The situation in Russia has reached the stage where "moral force" by the Russian revolutionaries has become a consideration by the German and Austro-Hungarian governments. This is something new in world politics. The old German and Austro-Hungarian governments, which were the old world's mainstay, have been completely demolished early in the war and left to fight on. The morale of the German and Austro-Hungarian governments has been completely demolished early in the war and left to fight on. The morale of the German and Austro-Hungarian governments has been completely demolished early in the war and left to fight on.

CARDINAL FARLEY SHOWS LOYALTY OF HIS CHURCH MEN

Cardinal Farley, of New York City in the next issue of America, the national Catholic weekly, will have an eloquent article, in which he extols the chivalry and courage of the American people in entering the war, and makes interesting figures showing the wide answer of Catholics to the call of arms.

Cardinal Farley shows that 55 per cent. of the army are Catholics. Well informed authorities, he says, have stated that 55 per cent. of the navy and 65 per cent. of the marine corps are Catholics.

"Sincerely one profession has stood the acid test of trial," he writes. "I hope a single thing that the Catholics could do for their country which they have not done." The great heart of the American people will, I know, do us justice. But I know too from sad experience that in the hearts of some misguided men bigotry and prejudice are endowments with an inextinguishable vitality. In spite of our patriotism at every crisis in our national life, we have been branded by the unfair and the unthinking as traitors and described as men who had no sympathy with our country's cause and ideals.

"Deeds Have Answered for Us." "We shall give them the same answer to our slander which we are giving in the present war. Our deeds will speak as they are speaking now. Those deeds have answered for us in no uncertain voice. It could not be otherwise. For the Catholic recognizes that loyalty to country is next to fidelity and obedience to God."

The figures in Cardinal Farley's article show that a census taken in Camp Logan, Texas, revealed twice as many Catholics as men of any other religious denomination. In Camps Grant and Gordon the percentage was about the same. At Camp Upton Catholics number about 4 per cent. of the men.

The Cardinal praises the patriotism and unselfishness of the American people in the present conflict.

Ladies! Keep It on The Dresser

Few drops on corn or callus stops pain, then they lift off.

Your high heels have put corns on your toes and calluses on your feet, but why care now?

This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it Freezone. Small bottles of Freezone can be had at any drug store for a few cents. Never limp or twist your face in pain again, but get a bottle of Freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shiveled and loose that you lift it off with fingers.

Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses, without the slightest irritation of the surrounding skin. Just a touch of Freezone on a sore corn gives instant relief.

OBITUARY

MRS. R. H. OGDEN

Mrs. Sarah Duff Ogden, wife of Richard H. Ogden, of Mt. Joy, Lawrence township, died at her home Tuesday evening, aged 63 years. The cause of her death was acute indigestion. Mrs. Ogden was a daughter of the late Charles Duff and was born in the same neighborhood where she died. She was married to Richard H. Ogden in the middle seventies. She was a home woman, devoted to her family; was a good neighbor and true friend. Her husband, six daughters and one son survive: Mrs. William Shaffner, Mrs. Wilbur Williams, Mrs. John Carter, Mrs. Newton Feizer, Mrs. George Carter, Mrs. Albert Dackett, all of Lawrence township, and Charles M., now training at Camp Hancock, Georgia. She is also survived by three sister and three brothers. The funeral takes place this Friday afternoon, from the Mt. Joy Methodist church. Interment will be at Mt. Joy cemetery.

JUNIOR CHAUTAUQU

"What can boys and girls do to further the good health of their community?" That is a question that will be talked about, acted, recited, and in various ways illustrated at the Junior Chautauqua club meeting Saturday afternoon March 2nd at two o'clock in the high school gymnasium.

New York state has recently introduced into its schools a health club through which personal cleanliness is taught and not only encouraged, but checked up every day and week. A report is sent in to the state educational officials and a very well organized effort is thus made to create a tradition of good health.

The Chautauqua club's work cannot be as detailed as this, but we try to start the right ideas working in young minds, and trust that the more intensive work will be taken care of by the schools and community.

Girls! Use Lemons!

Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the rosy and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

We are authorized to announce the name of Dr. A. H. Hildegarde, of Houtzdale, Pa., as a candidate for the office of Member of the General Assembly at Harrisburg, subject to the rules of the Republican party. P. O. address, Houtzdale, Pa. E25-ch

Ladies! Keep It on The Dresser

Few drops on corn or callus stops pain, then they lift off.

Your high heels have put corns on your toes and calluses on your feet, but why care now?

This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it Freezone. Small bottles of Freezone can be had at any drug store for a few cents. Never limp or twist your face in pain again, but get a bottle of Freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shiveled and loose that you lift it off with fingers.

Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses, without the slightest irritation of the surrounding skin. Just a touch of Freezone on a sore corn gives instant relief.

Women's Spring Shoes--That Pass All Criticism

Women are more particular than ever before as to the kind of shoes they wear. Not only must the style be correct and the quality desirable but the colors must harmonize with the costume.

We have provided assortments for Spring wear that pass the severest criticism. They are correct in every detail and we are showing them in the many shades of brown, gray, taupe and tan. Many times two harmonizing colors are effectively combined. Shoes of combination fabric and leather are especially desirable and are shown here in many styles and colors.

REAL SURE ENOUGH SPY

Washington, D. C., March 1.—Uncle Sam can have the services of a perfectly good spy if he wants them. Peter Rivers, aged 17 years, of Maple Lake, Minn., says so.

Writing to U. S. Marine Corps headquarters Peters said, among other things, "I'm too young to be a sea soldier but I can be the best spy you most ever saw. Send me along a spy's badge and a Colt's 45 and I'll go right to work. I've read history and my only regret is that I haven't nine lives like a cat so that I could give them all to my country."

In expressing appreciation of Peter's offer of service, the Marine Corps authorities advised him to keep on playing "Hi Spy" with the boys of Maple Lake several years longer before tackling the business seriously.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Ashley Rishel, of McBride street, announce the engagement of their daughter Nellie Marie to A. Lytle Johnson, son of Mr. and Mrs. J. R. Johnson of Eleventh street. The marriage will take place some time in April.

DOCTORS PRESCRIBE

BACON'S FORKOLA

FOR COUGHS IN THE

HEAD AND CATARRH

No sensible person will continue to endure those dangerous colds or catarrhs of nose or throat which often lead to deafness, catarrhs of the sinuses and bronchitis, when they can obtain a small jar of Forkola. Forkola is a well-stocked drug store.

One-quarter teaspoonful of this pleasant-tasting remedy allowed to slowly melt in your mouth will in a few minutes soothe your throat, only to breathe easier and thus get rid of that nasty shuffling, shivering catarrh that causes so much misery and discomfort. Physicians are prescribing and hospitals using this new treatment with remarkable success. It is guaranteed to give relief in one minute from colds, coughs and catarrhs of the nose and throat. Try it at our expense.

M. Bone, the European eye specialist will remain at the Hotel Windsor for four more days, March 1, 2, 4, 5. He will give you the best and cheapest prices ever heard in optical goods. Bone has treated over 600 cases in Clearfield and vicinity and has given entire satisfaction. Don't miss this opportunity to see him. E25-ch

Business Efficiency

Under today's new conditions, those having business interests require a broad grasp of both industrial and financial affairs—need foresight and quick adaption.

Business, extending beyond smooth-worn channels, calls for careful guidance, and with his own best knowledge the business man may well combine that of the Banker.

Our Officers welcome consultation.

In A Closing Out Sale

We have decided to clear out our stock of linoleums. We have never handled the cheaper sorts which makes the price that we have placed on the entire lot all the more remarkable.

We have an unusually pretty assortment of colors and a timelier sale than this has never been brought to your attention. Coming in the early spring when you are naturally thinking of new floor coverings you'll be glad to know of our intention to close out this department.

The linoleums are made by Cook and other of the famous linoleum makers. The stocks consist of pretty checks in light and dark colors. There is only one width—72 inches.

We have placed the exceptionally low price on all patterns of

\$1.65 the linear yard

OSCEOLA MILLS

"The Variety Four," a talented company of young ladies, will be the next number of the course being presented by our Fire Company at their Arcade on Friday evening. They should have a large audience.

On account of the large advance sale of tickets and the limited seating capacity of the High School Assembly room the pageant by the school children for the benefit of the Red Cross will be present on Thursday and Friday evening.

The funeral of Mrs. Rachel Stewart Woome, whose death occurred at the home of her daughter Mrs. Viola Edwards on Monday was held from the residence on Wednesday afternoon, being conducted by her pastor Rev. C. A. Williams. Her husband John A. Woome preceded her several years ago. The deceased was a resident of this place for many years. She was a consistent member of the M. E. Church for over fifty years, and was 84 years of age at the time of her death. Surviving her are the following children: Mrs. Viola Edwards and Mrs. H. W. Biddle of this place and O. A. Woome of Philadelphia. There are also 22 grandchildren and a number of great grandchildren.

The attendance and interest at the lectures and demonstration at the Freeman's Hall on Tuesday and Wednesday by Miss Miller of State College under the management of the Food Conservation Committee, were a great success and beyond the expectation of the committee having the meetings in charge.

James M. Guffey of Houtzdale attended to legal matters at the Court House yesterday.

P. W. Draucker of Luthersburg was transacting business in town yesterday.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a tea-spoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire elementary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside because the skin pores do not absorb impurities into the blood, causing disease while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse purify and freshen the skin, so hot water and a tea-spoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver, and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

GRACEFUL COAT OF TAFFETA

We may go to what lengths we will in coats of taffeta—the possibilities of silk within reach and so far as you can use it. A handsome coat of graceful cut and graceful showing in the pattern of a rich emerald green, which is perfect in its color and texture. The sides and back above the hem. In the back it comes in its fullest and deep inverted plait. It is a coat that seems to dissolve and melt into the body.

Mrs. Catherine Fitzgerald of DuBois is visiting Mrs. Ruth Dempsey who is a patient in the hospital here.

Spring Silks of Rare Beauty

"Beautiful" only casually describes these new silks for spring. We're enthusiastic about them for, knowing market conditions as we do, it is one chance in a thousand that enables us to show such lustrous, shimmering array.

Spring Shades of Silk Taffeta \$1.50

A wondrous collection of colors; browns, greens, blues, taupe, burgundy and old rose. Full 35-inch width of brilliant, colorful dress material.

Silk Messalines \$1.65 yd.

We can hardly imagine a prettier showing of this ever popular dress material. Light in weight, yet strong enough to stand the hardest of wear it's no wonder that it is in such demand for spring dresses. We have many shades, but the prettiest is a rich peacock blue.

Special Black Taffeta \$1.50 yd.

It is 35 inches wide, fast color, perfectly woven. We have it on display and it is going fast. Better get it tomorrow—only for enough to make a dress or two.

ROAD SUPERVISORS MET IN CONVENTION

(Continued From Page One)

The Convention at Clearfield Feb. 28, 1918, go on record as favoring the use of the state money available on our bonds at this time, and further requested that the County Commission be asked to appropriate the same amount by issuing bonds, in order, for the purpose of constructing and maintaining the roads of our county.

Resolved: That we request the County Commissioners to have this question of bonding the County for the purpose of bonds, submitted to the voters of the County at the coming election in May, 1918.

Resolved: That we favor an equal division of equipment and valuation of all property and real estate in the county to be done by a board of assessors, appointed for that purpose, and we recommend that, on the part of the legislature, be asked to pass such legislation.

Resolved: That we favor legislation to increase the Supreme more jurisdiction in reference to heavy hauling on the roads.

Resolved: That we pledge our loyal support to our Government in this great war, crisis and that we use our power to meet the needs and demands which are for the success of winning the war.

Resolved: That we urge that a law be passed compelling the use of wide road wagons on our dirt roads.

Resolved: That we endorse the idea of using tractors in construction and repairing of roads, especially at the time owing to scarcity of teams.

Temperance Notes

(Conducted by the National Woman's Christian Temperance Union.)

HOCH DER WHISKY!

The Kaiser's greatest ally is whisky! This I say, because whatever saps the strength of America, lowers its efficiency, and steals its wholesome food is manifestly playing into the hands of America's enemy.

Women may economize in the kitchen, save the beans and cabbage, eat the crusts, and skimp the butter, but one saloon will waste more human energy over the bar in one day than they will conserve in a week.

Why plant your front lawns in potatoes and raise carrots instead of geraniums in your window garden; why eat corn pone instead of white bread, and fried rice for steak, and all that sort of thing, when every pound of food you are saving to make men strong is doubly duplicated by the still, which flows to make men weak? Every glass of booze that passes over the mahogany bar in the drinking place does as much damage to the manhood of the nation as a ten-inch shell fired from one of the Kaiser's Krupp.

For whisky never did any good and never will do any good. Every ounce of it means lowering life's efficiency. It makes the muscle flabby. It obscures the brain. It lets down the moral force.

Every drop of whisky means so much less honesty, loyal courage, and intelligence.

The Kaiser could make no shrewder move than to subsidize every grog shop in America, to keep on at full blast, lulling out the staff that takes the stamina out of this great people.

Nobody, no nation, can conquer America. But America can rot. She can gas her beloved people and sink to maudlin weakness, while she prates of "personal liberty" and slobbers in congress and out, over the vested rights of poison sellers.

General O'Ryan in a recent letter to his fellow soldiers, used this language:

"Our job is to whip the enemy hard and with the least loss to ourselves. In training our military machines to do this we must eliminate back-lash, ratties, and useless loads. We must have every part healthy, strong, and dependable; no part defective, diseased, or obsolete."

"This cannot be if we are to permit booze in any form in our military machine. Alcohol, whether you call it beer, wine, whisky, or by any other name, is a breeder of inefficiency. While it affects men differently, the results are the same in that all affected by it cease for the time to be normal. Some become forgetful, others quarrelsome. Some become noisy. Some get sick, some get sleepy; others have their passions greatly stimulated. When you stop to consider the thousands in a division, do you not see how vital to efficiency is the elimination of liquor? If one officer or man is permitted to use liquor, then others will claim the right to do so. How can a division of troops be ever ready—ever up on the bit to drive ahead or to thrust back the enemy's drive if through the presence of this insidious evil some soldiers forget their orders, or become noisy when silence is essential, fall asleep when every faculty should be alert, or absent from their posts?"

Hurray for the Saloon! Long live personal liberty! Hoch der whisky!—Dr. Frank Crane, in New York Globe.

CITY POLICEMAN GAVE EXPERIENCE

Tanlac Gave Officer Yost Additional Weight and Renewed his Strength

"Yes, sir, I gained five pounds during the first week I took Tanlac," said Jesse Yost, the well known city policeman, of 5331 Addison street, West Philadelphia, recently.

"I had suffered from a sour disordered stomach," continued Officer Yost, "and no matter what I took I could not get any better."

"My digestion was very bad and I got so I could scarcely eat at all. The gas on my stomach and headaches bothered me no little."

"I was also badly constipated, and I felt languid and kind of tired out. My old-time energy was disappearing and I could hardly pull myself thru some days."

"I saw this Tanlac highly praised in the papers. I read where Patrolman Frank Herman had been benefited. I decided that I got the medicine I talked with a doctor about it. The doctor said it was all right to try it. I began using Tanlac. When the doctor weighed me he was surprised to discover that I had gained five pounds in weight on the first bottle of Tanlac."

"My stomach is now in good shape and I feel fine. I am rapidly gaining back the strength and weight I lost. Tanlac is now sold here by Woodward & McPherson."

PROMINENT WESTERN MEN ACCUSED

St. Paul, March 1.—A. C. Townley President of the National non-partisan League and Jos. Gilbert, manager of the farm bureau of that organization were arrested at league headquarters here yesterday on warrants issued by Albert R. Allen, prosecuting attorney of Martin county. They are charged with activities to conspire seditionally to keep men from enlisting in the United States Army to fight Germany. The warrants upon which the arrests were made upon the information that pamphlets were issued from the league. They were sent out last June and have been freely circulated through the state. They contained 32 pages entitled "The War Program of the National Non-partisan League". It urged conscription of excess profits and suggested conscription of wealth. The pamphlets have been sent through the mail and apparently attempt had been made to stop it.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur it Brings Back its Beautiful Lustre at Once

Granny hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after a few applications of two, its natural color is restored and it becomes thick, glossy and lustrous and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
